Bear Preference Point System

Hunters are selected for bear licenses using a preference point system that began in 2000. Drawing applicants with the greatest number of preference points in each hunt period are selected before those with fewer points. *First hunt choices have priority in the drawing; second hunt choices will be awarded only if licenses remain after all first hunt choices have been awarded.*

Points are reset to zero upon selection; those not selected for a license receive a point for future drawings. Applicants must apply at least once every three years to retain their points (points will be reset to zero for those who have not applied for three consecutive years).

No more than 2% of the available licenses in each hunt period are awarded to nonresident applicants.

For more information, refer to the Michigan Black Bear Digest.
